

GENERAL INTEREST COURSES

Ready for a comeback, or are they gone forever?

In the past Sundre had a great variety of general interest courses offered, such as: art and craft courses, cooking & language classes, wood working computer courses and much more. These courses have dwindled away and completely disappeared with the closing of the Mountain View Society for Life Long Learning.

We are still seeing an interest at Greenwood Neighbourhood Place and actually believe there is a chance to bring these courses back to life. The biggest challenge we faced was finding 5 people with the same interest who wanted to meet at the same day and time.

As the population numbers and demographics have changed in our area and we would like to take a new look at general interest courses. Adult learning through courses, workshops and interest groups is a great way to pursue a new hobby, share a talent, teach others, meet new people and enjoy the long Alberta winter month.

- Phone us if you have a skill or talent and are willing to share your knowledge with others. We can help you set up a workshop, advertise and take registrations and will pay you for your time.
- Let us know if you are interested in starting an interest club such as photography, quilt making, sewing, archery, hiking, etc. We can connect you to others.
- If you know of a group of people who is already organized and believes “The more the merrier” let us know where and when they meet and we will pass on the info.
- Do you know of someone outside of our community willing to travel and offer their skills? Why not bring them to us instead.

Any feedback or ideas are welcome. Send us an email or give us a call at Greenwood Neighbourhood Place
